Fall 2013 Bookmaking & Printmaking Classes

Bookmaking

Bookmaking – Carousel and Tunnel Books

Age: 16yrs and up.

Tunnel books are a wonderful and whimsical book structure and the precursors of modern day cinema. Although tunnel books don't generally have free-moving pages, they are still often categorized as books due to their accordion book structure and their content. Carousel books are another book structure based on layered accordion pages with tunnel-like cut outs. Both books are a fascinating way to express yourself in unique and delightful ways! In this class we'll make at least one of each structure and use writing prompts and folk tales for inspiration. Supply fee of \$25-30 payable to instructor at first class. This includes decorative paper, cover paper, bookboard, PVA glue, bookcloth, and assorted tools. Optional: Bring your own watercolor paints, markers, colored pencils and collage ephemera.
